

SLOAN®

Sloan Mobile Handwashing Station

Handwashing Outside the Restroom

The first of its kind, hands-free, sensor-operated, stand-alone, mobile handwashing station.

Enable more convenient handwashing options for your facility with the new Sloan® Mobile Handwashing Station. Our latest touch-free innovation can be placed anywhere in the building, bringing hand hygiene beyond the restroom.

We've created a customizable hygiene station on wheels that pairs attractive design with the durability you expect from Sloan. It's a simple solution that helps your facility enhance health, wellness, and hygiene.

Cafeterias and Food Courts

Offices

Universities and Schools

Convention Centers and Retail Environments

Accessible mobile handwashing for everybody

Designed to provide accessibility to everyone, Sloan's inclusive Mobile Handwashing Station is the only ADA-compliant solution. The station offers an expansive enclosure that allows for greater access underneath and more counter space on top.

Hygienic features inside and out.

Our Mobile Handwashing Station comes with multiple options to fit both indoor and outdoor applications. Perfect for any location where hygiene is essential. Use near entrances or exits, food courts, cafeterias, concourses, concessions, escalators, hallways, and much more.

All stations include AC or DC powered unit and 16 gallon greywater tank. Hot water heater and holder for two 5 gallon water jugs (jugs included) available on select models.

Note: cabinet front removed for illustration purposes only.

Sloan® SF-2250 or BASYS® EFX-150 sensor-operated faucet based on selected station model

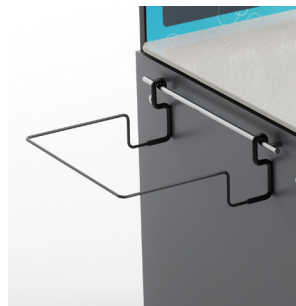

Corian® sink deck with vitreous china undermount bowl or stainless steel deck with stainless steel drop-in sink based on selected station model

Touchless enMotion® Paper Towel Dispenser

Purell® CS-8 Wall-mounted Foam Soap Dispenser

Handle and trash bag holder

Lockable caster wheels

Self-contained handwashing stations

The stations below are powered by a rechargeable battery and allow for freshwater and greywater storage for stand-alone use with no plugin or plumbing required. Also included are water and drain lines for connected use.
